**Minutes of the Dallas Chapter  
Sons of the American Revolution**

The monthly meeting was called to order by President **George Ramphrey** at 8:30 am in the dining room of Presbyterian North Village.

Various Compatriots led the membership in pledges to the United States Flag & Texas Flag. The President led all in the Affirmation to SAR. Tracy Pounders got everyone feeling good about singing the first stanza of *America*. Chaplain Frank Pounders gave the sick call and Invocation.

Head Greeter and FCP Ralph McDowell introduced his sidekick for the day – FCP Frank Pounders and they did a great job in welcoming the twenty-four members and six guests who attended the morning meeting. Ralph also reminded members to renew their KROGER card account so that the Chapter can continue receiving rebates on our purchases. This quarter's amount was \$38.33.

During the introductions of guests, FCP **Charles > Baker** referred to his spouse, by her Indian name "*My Long Standing Wife-who doesn't stand very long*", after which he pushed his way through the joke for the day about a rain-soaked drunk on a backyard swing.

# AMERICANISM

Prior to his aka presentation as Ben Franklin, < **Bill Watts** awarded a replica of George Washington's *Andre's Capture Medal* to his so called mentor in appreciation of services rendered.

Compatriot Watts' presentation topic was about "Franklin's Turning Points" as it related to his patriotic attitude toward America's cause for freedom. Although his initial concern was to persuade England to allow the colonies to become a part of the "*Common Wealth*"; in 1765 he changed his mind

after finding out that the British appointed Governor of Massachusetts, was planning on betraying the colonists. Old Ben obtained and published a letter from Governor Hutchins (to the British) and thus earned the ire of powers to be in the motherland – hence, a true turning point for the Founding Father.

President Ramphrey reminded members that the 2017 dues notice is in the mail. Compatriot James Fairbairn stated that Veterans are in need of XLarge and XXLarge winter coats, and hopes that our members will consider donating also socks, gloves, and underwear to the cause.

## Guest Speaker Dr. Montie Monzingo

Started by saying that a "funny thing happen on the way to the forum"- the loaned projector was not compatible with his machine, therefore he would still talk about *American Cemeteries on Foreign Soil*, only without slides shown. He related how he was invited to join other couples in a trip to the Netherlands (where his father is buried) one of many European cemeteries he has visited.

< **Jerry Pinkerton** commented that, he too had made a pilgrimage to Manila in the Philippines where his father was buried. In fact, he had been buried five times in various staging locations while a permanent cemetery was being constructed. In 2012, Jerry revisited the island and also took a special side tour over a path with a man that was there with his father in 1945.

**Barbara Baker** >

spoke about her brother who was killed by friendly fire as he flew a spotter mission in Italy.

....and here is the extra hair you asked for Montie !!!!
