## President's Message

by Dr. Gary N. Sisson

### Why Do "They" Hate Us?

Is it just me, or does this question arise every time the journalistic machine lacks news from the battlefield and shifts into low gear? It is, we are told, a valid question...or is it? By its very nature the question is rhetorical unless we identify who "they" are. But what if your four-year-old son or grandson asks the question (using the masculine because we are the Sons of the American Revolution)? May I suggest an answer? "They" are jealous. We have something "they" don't – a government based upon "certain unalienable Rights" of mankind – and it works! But our continued success requires us to be not only lovers of liberty but lovers of the law (not necessarily lawyers – sorry, I couldn't resist). I leave you with a portion of a speech made by a young Springfield, Illinois lawyer on January 27, 1838:

"Let every American, every lover of liberty, every well-wisher to his posterity, swear by the blood of the Revolution never to violate in the least particular the laws of the country; and never to tolerate their violation by others. As the patriots of Seventy-six did to support the Declaration of Independence, so to the support of the Constitution and laws let every American pledge his life, his property and his sacred honor..." –A. Lincoln

## A DIFFERENCE OF PHILOSOPHIES

October 2001

**T**aliban Supreme Leader, Mullah Mohommed Omar:  
"The situation where we are now, there are two things: either death or victory. To those who are fighting and bombarding us, they should understand the Afghan man is a fighter willing to die for his country."

June 1944

**G**eneral George S. Patton, pictured at right:  
"I want you to understand that no one ever won a war by dying for his country. He won it by making the other poor guy die for his country."

**C**ompatriot **John Greer** (pictured on page 1) challenged members of the Dallas Chapter to help provide Christmas presents for the Assisted Living Facility at the Dallas VA Hospital. Items specifically suggested include tube socks, winter coats, and Long Distance Phone Cards.
