### Thomas Jefferson

His Portrait is on the Two  
“\$2.00” Dollar Bill. This is amazing. There  
are two parts. Be sure to read the 2nd part

in **RED**.

Thomas Jefferson was a very remarkable man who started learning very early in life and never stopped. At 5, began studying under his cousin's tutor, at 9, studied Latin, Greek and French, at 14, studied classical literature and additional languages, at 16, and entered the College of William and Mary. He could write in Greek with one hand while writing the same in Latin with the other.

At 19, he studied Law for 5 years starting under George Wythe, at 23, started his own law practice, at 25, was elected to the Virginia House of Burgesses, at 31, wrote the widely circulated "Summary View of the Rights of British America " And retired from his law practice.

When he was 32, was a delegate to the Second Continental Congress, at 33, he wrote the Declaration of Independence, at 33, took three years to revise Virginia's legal code and wrote a Public Education bill and a statute for Religious Freedom and at 36, was elected the second Governor of Virginia succeeding Patrick Henry.

At 40, served in Congress for two years, At 41 was the American minister to France and negotiated commercial treaties with European nations along with Ben Franklin and John Adams.

At 46, served as the first Secretary of State under George Washington, at 53, served as Vice President and was elected president of the American Philosophical Society.

At 55, drafted the Kentucky Resolutions and became the active head of Republican Party. At 57, was elected the third president of the United States, at 60, obtained the Louisiana Purchase doubling the nation's size, at 61, was elected to a second term as President, at 65, retired to Monticello, at 80, helped President Monroe shape the Monroe Doctrine, at 81, almost single-handedly created the University of Virginia and served as its first president, and when he was 83, he died on the 50th anniversary of the Signing of the Declaration of Independence along with John Adams.

Thomas Jefferson knew because he himself studied the previous failed attempts at government. He understood actual history, the nature of God, His laws and the nature of man. That happens to be way more than what most understand today.

Jefferson really knew his stuff, a voice from the past to lead us in the future: John F. Kennedy held a dinner in the White House for a group of the brightest minds in the nation at that time. He made this statement: "This is perhaps the assembly of the most intelligence ever to gather at one time in the White House with the exception of when Thomas Jefferson dined alone."

Thomas Jefferson leaves us with the following thoughts;

"When we get piled upon one another in large cities, as in Europe, we shall become as corrupt as Europe",

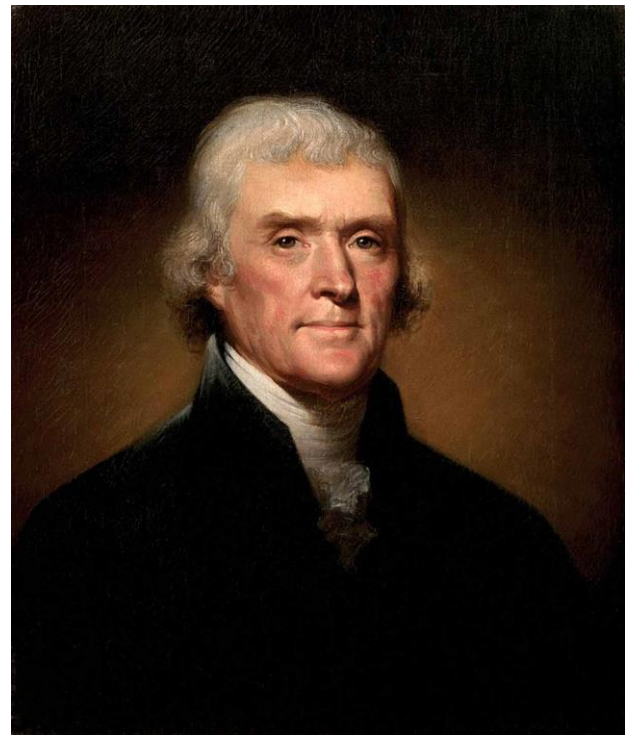

"The democracy will cease to exist when you take away from those who are willing to work and give to those who would not".

"It is incumbent on every generation to pay its own debts as it goes. A principle which if acted on would save one-half the wars of the world."

"I predict future happiness for Americans if they can prevent the government from wasting the labors of the people under the pretense of taking care of them".

"My reading of history convinces me that most bad government results from too much government".

"No free man shall ever be debarred the use of arms".

"The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government".

"The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants".

"To compel a man to subsidize with his taxes the propagation of ideas which he disbelieves And abhors is sinful and tyrannical".

Thomas Jefferson said in 1802: "I believe that banking institutions are more dangerous to our liberties than standing armies. If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and corporations that will grow up around the banks, will deprive the people of all property - until their children wake-up homeless on the continent their fathers conquered."

I wish we could get this out to every American! I'm doing my part. Please do yours.

♥ *"Give me liberty or give me death" ... Patrick Henry*

♥ *"Freedom in America isn't really free... We often pay a price to keep our liberty" ... Joanna Fuchs*

### ♥ George Washington's Prayer for Our

Country... *"Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection, that Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to the government and entertain a brotherly affection and love for one another and for their fellow citizens of the United States of America at large. And finally that Thou wilt most graciously be pleased to dispose us all to do justice, to love mercy and to demean ourselves with that charity, humility and pacific temper of mind which were the characteristics of The Divine Author of our blessed religion, and without whose example in these things we can never hope to be a happy nation. Grant our supplication, we beseech Thee, through Jesus Christ Our Lord. Amen"*

♥ *Free In the USA* (poem)

*On the Fourth of July, I raised the flag, As I spoke with love and pride: "I'm blessed to be an American," I said, to two friends who stood by my side.*

*One was my neighbor, who lives next door, he's a citizen, like me. The other, a visitor from a hard, oppressed land far across the sea.*

*My flag stays in it box this year, said my neighbor, boiling mad. The terrible shape this country is in and the future looks nothing but bad.*

*Taxes, scandal, indifference and crime, on our land like a giant stain. My visitor said, "We have all that and worse but it's against the law to complain".*

*My neighbor looked startled but not subdued. Then he started in on the Press. "There's nothing but bad news, the headlines are always bleak...and it gets me down, too, I confess".*

*"Our news is all good," said my visitor friend. "It's just how you'd like it to be. We know what our government wants us to know for our press is controlled, you see".*

*My neighbor spun 'round and marched toward his house and here is the end of my story. The next time we saw him, he was out in his yard...Proudly raising Old Glory.*

## Ed Chairman's Report

There is so much to cover and I hope I don't forget anything.

The June 25<sup>th</sup> "Meet the Sons of the American

Revolution" that was sponsored by the Plano Chapter was a big success. We had 170 people come to the Haggard Library to see the exhibit.

We had Jack Hughes, Dan Reed, Howard Roach, Don and Ann Sielert from the Plano Chapter. Jerry Pinkerton and Tom Whitelock represented the

Dallas Chapter. Ted Wilson and Terry Holden drove down from the Edmund Terrell Chapter. Bill Watts, Leslie and Margaret Anderson were there from East Fork Trinity and Rock Wall DAR.

Plano's cannon was a huge success with many children getting their pictures taken with the cannon. Leslie Anderson took pictures of the

event and discussed individual items with people who attended.

## Education

## Clothing

## Food

## Weapons

I received many positive comments about the presentation and I would like to provide something similar with the members of East Fork Trinity Chapter acting as docents to our community. Several Rock Wall DAR members are interested in participating with us. There are many areas that may be of interest to you, Education, Clothing – men and women, Food and Cooking, Weapons – bullet making, Games that the men played, Music, Camping Equipment, and many other areas that I haven't thought about.

One comment that Margaret Anderson made stuck with me because it was a very obvious but forgotten part of the event – “We missed an opportunity to talk about Genealogy.” We could have gotten some interest from the attendees concerning membership in the DAR or SAR. Therefore, when we provide an event we will have some advertising and genealogy charts.

August will be her soon and I need to know if the chapter wants to continue the Good Citizenship Awards for 2017. I also need to know if the chapter will support the various contests that are available. Such as the poster contest, oration, essay etc.... Please let Gary Snowden our president know what you want our chapter to be involved in and the amount of support you will provide. Nothing can be done without the members being involved in the activities. All of these programs begin in August.

I have been providing a portion of something that the Plano Chapter calls a “Flag Program”. The program is presented to retirement centers, other chapter meetings, different clubs and where ever a program is needed. I've always presented my Charlesville Musket and at the last presentation I did something new “What's in a Soldiers Pocket?” There is a lot of talent in EFT. I believe it's not being used in our communities. Is there anyone interested in joining me in developing a program?

Make sure you keep up with events that you participate in so Gary Snowden can put them on his end of year report. The report is long and involved and needs your input!

Last but not least are the new safety rules for muskets used in the various events that we participate. The National Color Guard Committee requires flash guards and frizzen covers on black-powder guns used at National SAR events. This is also a standard reenactor requirement. Please add these two pieces of safety equipment to your gun. If you shoot a black-powder gun at any State, District or National SAR event please be advised that your weapon will be inspected for these two items.

## Color Guard Report

We have just celebrated our Independence Day on July 4th. During all the BBQ, fireworks, pool parties and boating, I hope everyone paused to remember the sacrifices our ancestors made to establish the United States as a free and independent nation. We are the recipients of the freedom from their legacy. We also want to remember our military men and women who have fought, were sometimes wounded or died to keep us free.

On June 18<sup>th</sup>, several color guard members traveled to Farmersville to march in the Audie Murphy parade.

On July 3<sup>rd</sup>, Harmon Adair, Montie Monzingo, Bill Watts and Walt Thomas presented the Colors at the Sunnyvale First Baptist Church. The flags were posted after the pledge to the flag and singing of our national anthem.

A great 4<sup>th</sup> of July for the EFT chapter.

On July 4<sup>th</sup>, we marched or rode in the Rockwall 4<sup>th</sup> of July parade. The Rock Wall Chapter of the DAR joined us in the parade. Dave had his truck equipped with sound so that we would have fife and drum music to put everyone in the spirit and may have even kept us in step. Gary Lovell provided a trailer to allow those not wanting to march, a comfortable ride. After the parade, we enjoyed food and conversation at the Lovell ranch in Chisholm.

## The Web-Master's Domain

For better or worse:

The “News” tab on the main menu (Dallas Chapter’s and East Fork Trinity Chapter’s) leads to a list of things that the software designer, John Anderson, added. The space can be used for many things. Tom Whitelock came up with an interesting use; this pertains to the Dallas Chapter website. Occasionally there are times when it is necessary to alert the members for some reason; as Tom did recently (alerting the Dallas Chapter members of the death of one of its members). Tom and I discussed the idea, and decided to use the “News” tab for such occasions, and to make the tab blink when there was an important announcement. I plan to do likewise with our chapter’s website.

## Veterans Chairman

For many years I’ve asked the members of East Fork Trinity to complete the Veterans Worksheet for me so I can report how many hours we have contributed to the Veterans either at the VA Hospital in Bonham, Texas or at other veteran’s events. Members of the SAR can receive the Service to Veterans Medal called the USS Stark Award. I urge all of the members who have provided service to veterans keep track of your time and apply for this medal. Make sure to give your results to me so I can add them to my report at the end of the year for Gary.

The Audie Murphy parade in Farmersville was a huge success. The marchers are at in the left pictures and the riders are in the picture below left. A fun time for all involved.
