

# Texas SAR Chapter Officers Report

Sunday, September 1, 2019

As a reminder, it is a Texas SAR Bylaw that all Texas SAR Chapters are required to report their new officers on an annual basis or when they are newly elected. This is very important for your chapter as it informs Texas SAR who to send new member packets to, who to forward new member inquiries to, who to send checks to, who to contact for visits, etc.

The Chapter Officer info collected for this chapter report is not only used for the publication of this report, but also used to collect emails for the DaDa email system for Chapter leadership and for basic chapter contact info on the Texas SAR website. As such, online submission on the Texas SAR "Private" site of your chapter officers is now the only option for providing this info to Texas SAR as it guarantees that the State Secretary, State Webmaster and State Communications Secretary all get the same information at the same time. This info should be provided by an officer from your chapter when changes occur.

It is no longer necessary to provide address info as that is now pulled from the Texas SAR member database to ensure consistency between published data. That should expedite your data entry effort. I thank you so much for your support and cooperation.
